To Whom It May Concern:

Without question, Dan was our go-to consultant during his tenure in Denver. We tapped Dan's extensive expertise and never implemented any major initiatives without his input.

He had valuable expertise and our business improved as a result. He advised us on everything from business-attracting signage to company systems and operations, and we always saw great results and returns on his consulting.

We would absolutely recommend him. Please feel free to share this letter with anyone considering Dan's services, and feel free to call me directly for a more detailed overview of the services he provided to my firm.

Sincerely,

Mark
